Subject: A Simple Request

Hello Mayor, Council Members and Mr. Bolt,

Even in the midst of chaos, good things can happen. They don't have to take a lot of time or resources.

I'm asking you to reverse your decision to cease construction on the four bocce courts.

I think you have all the materials and the crew has worked out most of the bugs. The other two courts can likely be done in half the time of the first two.

As I've said, it takes four courts to have a robust league, tournaments, charity fundraisers and team-building events. While it may be a few months until life returns to normal, we can take advantage of this time.

Also, bocce is an activity that can be enjoyed safely in small groups of two or four. Having four courts doubles the chance that a court would be available.

Tonight you are reading a Proclamation about "National Down Syndrome Day." More importantly, let's do something that empowers them. Special Olympics loves the sport of bocce. We can bring them here to compete.

Manor is very close to having the "Best Bocce Courts in Texas!" The courts in Plano, Dallas, San Marcos, Houston and Austin are all smaller.

The "5-in-One" adjustable length court (the "Manor" court) is a first in the world.

Besides providing health benefits, these courts can bring pride to residents and boost the City's image. The Council can take pride that it happened during their tenure.

Let's please continue on the original path to build four courts, thanks.

Hi,

Since the City Council Meeting on Wed 3/18 has been canceled I wanted to voice my opinion regarding resuming the construction of Bocce Courts #3 and #4 at Timmermann Park.

I was super excited to hear we were starting a bocce league here in Manor. Such a great initiative to get people out and about, socialize and stay physically active. I am relatively new to Manor and see this as a great way to meet my new neighbors. Another great thing I like about establishing a sports league such as bocce is that its a great way of reducing racial barriers and bringing the community together and is important for diversity and inclusion.

I also like that it's a no impact sport so it can be played by all ages. Can you imagine a family picnic where all generations can participate? There are no other family activities provided by the city as I know. I'd love for our Manor residents to have some physical outlets where we can be active, social, and outside. The park is perfect with lots of shade too.

Robert have set up the opportunity for the whole community to play as he has engaged local business to have equipment everyone can rent for a low fee of \$2. This is genius to ensure the sport is available to anyone as it builds in popularity.

Its essential that we have FOUR courts to have a robust league, and to be able to host tournaments, charity fundraisers and team-building events right here in Manor.

For instance, tournaments to benefit the Manor ISD Teachers/Staff, Veterans, 8-12th Graders, Youth, Seniors, and Special Olympics. These tournaments can bring the community together and also bring visitors who spend money locally.

Thanks,
Katrine

I'd just like to emphasize a few of the benefits of having these new bocce ball courts and an associated league. I, for one, really enjoy the game for pleasure but also in utilizing certain physical skills. Being past my prime athletic years it is a way to still enjoy being on a team and having a bit of fun competitiveness. Being in the outdoors, exercising, meeting new people with common interests is another benefit. Your city has built a beautiful park and by supporting a bocce ball league it could only bring more community members to enjoy this lovely atmosphere. With regards and hoping for city support, Leslie KELLEY

Good evening to each of you,

Several of us have played a few trial games of Bocce Ball and are very interested in having it as a regular sport here in Manor. We have already met new people and this is a great opportunity to make more connections, socialize, more community engagement, playing together, conversing together and broadening the cities activities. Trying new things gets us out of ruts, our comfort zone's, expand our horizons, growing ourselves along with other community activities, adding to the appeal of our city for those looking for teamwork opportunities, making new friends etc. thank you so much for considering this.

The Bocce Ball court is great! To hold the activities for the community it shouldn't cost anything. Access is building camaraderie and community. It will draw in more people who will support the local economy when they play.

Also, the city charges the farmers market nothing to block and use the space annually. Have the same offering available for the bocce league. It's for the community.

Thanks,

Subject: Bocce ball courts at Timmermann Park

Dear Council members,

My name is Manuel Dasilva. I am retired and I live in the city since 2016.

I would like to take the opportunity to thank the city for building the 2 bocce ball courts at the above park.

This is great news! I cannot wait for the opportunity to get my bocce ball set and start playing out there with other manorites once this virus situation is under control.

Bocce is a very popular sport in many other areas. It is very easy to play and it attracts people of all ages and backgrounds.

It wont be long before the 2 courts are not enough for all the people that want to play.

This is why I am asking the city council to please build the 2 additional courts as it was initially agreed.

Our city needs and deserves more of these types of recreation

Yours truly,

Manuel Dasilva
